Description S100/S200

- **Day 1:** This session will help teams establish a seamless system of support from Tier 1 Universal to Tier 2 Secondary Levels of Intervention. Each team will learn how to use their Tier 1 Universal data to target groups of students in need of Tier 2 Secondary Levels of Support. Investigating a continuum for Tier 2 Secondary Interventions, to support the behavior of students who are not responding to Tier 1 Universal Interventions, will take place. Those who are at-risk for behavior and academic failure, including those with disabilities, will be covered.
