

Serving all CESA 6 Districts: Effectiveness Project and Wisconsin Educator Effectiveness

Effectiveness Project© MyLearningPlan Growth Explorer

Two 1 day sessions: March 5 or May 5, 2015

Presenters: CESA 6 Effectiveness Project© Trainers

Description

The Growth Explorer is one of three types of reporting tools that are available within MLP OASYS to enable the easy creating of virtually any kind of report to support efficient process implementation, and analysis and interpretation of data.

The Growth Explorer displays data that is collected through single or multiple response items by representing the information in a graphical format (a one-dimensional heat map), which portrays the frequency with which each response was selected across users, buildings, departments, or the district as a whole. The user can specify a date to see a snapshot or indicate a time frame to see progress and growth over time for a particular item.

Who should attend?

Administrators Responsible for reviewing evaluation data.

For additional information contact:

Julie Holbrook, CESA 6 Effectiveness Project©
