2015 SUMMER INSTITUTE WITH KELLY GALLAGHER

Workshop Description

Day 1: Aug. 4

Building Reading Lives that Last

Description:

The demands of school do not always support what's in the best interest of teaching young readers. In this workshop, Kelly will discuss specific steps teachers can take to ensure they are building reading lives that last.

Objectives:

- Share strategies that enable students to move beyond surface-level comprehension and into deeper reading of difficult text
- Demonstrate why teachers in all content areas should address reading motivation and recreational reading
- Understand reading as a process and how that helps improve student comprehension
- Understand the importance of second-draft reading
- Examine how writing deepens reading comprehension
- Explore the strengths and weaknesses of the Common Core Reading Standards

Who Should Attend:

Grades 6-12 classroom teachers and administrators, literacy leaders, elementary and middle school intervention teachers, support teachers, and school teams.

Registration Deadline:

July 1, 2015

Cancellation Policy:

If you need to cancel your registration, you must do so before July 1, 2015 to receive a refund.

Day 2: Aug. 5

Teaching Adolescent Writers

Description:

In an increasingly complex world, it is critical that students know how to write. From the demands of standardized tests to those of the wired workplace, the ability to write well, once a luxury, has become a necessity. In this workshop, Kelly Gallagher will demonstrate how students can be taught to write effectively, sharing a number of classroom-tested strategies that enable teachers to motivate young writers, understand the importance of teaching writing, and assess essays in ways that drive better writing performance.

Objectives:

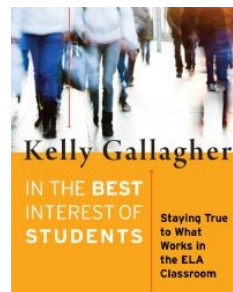

- Demonstrate the value of modeling and mentor texts in the practice of writing instruction
- Explore the strengths and weaknesses of the Common Core Writing Standards
- Share strategies to move students into deeper revision
- Examine how strengthening listening and speaking skills leads to better writing

Attendees will receive a copy of Kelly's newest book, "In the Best Interest of Students."

In the Best Interest of Students Staying True to What Works in the ELA Classroom, by Kelly Gallagher

What is in the best interest of our students? Is it teaching to the newest standards movement, like the Common Core? Teaching that prepares students to take a test? Or is it something more meaningful and authentic?

In his new book, "In the Best Interest of Students," Kelly Gallagher notes that there are real strengths in the Common Core standards, and there are significant weaknesses as well.

Registration Information
