

This event is presented by the CESA 6 Special Education Department.

# Connecting Behavior to Functional Behavioral Assessment and Positive Behavior Intervention Plans

**Wednesday, Dec. 2, 2015**

**Presenters: Erin Lausten and Lisa Lesselyong**  
CESA 6 Educational Specialists

### Description:

This training will provide an overview the process of conducting a Functional Behavioral Assessment (FBA) and how to interpret data collected to develop a Positive Behavior Intervention Plan (PBIS), which addresses the needs of students with interfering behaviors.

This information will be presented using evidence-based practices and Wisconsin DPI's best practices, with the understanding that each school district may have different procedures. **This workshop is not designed to address student specific needs, but will provide the participants with basic knowledge and resources to assess, instruct and support students with interfering behaviors in the educational setting.**

### Workshop objectives:

- Identify the educational benefits of completing an FBA and PBIP
- Gain knowledge in understanding and managing behavior
- Understand potential functions of interfering behaviors
- Become familiar with resources used for assessment and data collection
- Understand the best practice procedures for completing an FBA
- Create a PBIP to effectively address interfering behavior

### Who should attend?

Education and community professionals, parents and family members who support children with challenging behaviors.

### For additional information contact:

pstarr@cesa6.org or (920) 236-0567

This training aligns with evaluation standards from the CESA 6 Effectiveness Project and Educator Effectiveness (Danielson Model). For a list of specific standards, please contact Paula Starr. Networking opportunities during lunch.
