

This event is presented by the CESA 6 Technology Solutions Center

# Assessing Students Need for Assistive Technology

**Wednesday, September 30, 2015 • 8:30 a.m. - 3:30 p.m.**

**Presenter: Paula Walser**  
CESA 6 Director of E-Learning

## Description

This workshop will provide a framework for assessing a student's need for assistive technology. Every school district is required to insure that assistive technology devices and services are provided if needed by a student in order to receive a free appropriate public education. BUT how does one assess the need for assistive technology?

This workshop will provide a framework for conducting the assessment and selecting appropriate tools to meet students need. You will participate in a team process demonstrating assessment strategies to identify target tasks and tools for assistive technology implementation.

Bring along your own student examples or participate in sample student assessment scenarios.

## Who should attend?

- Assistive Technology Consultants, District Based Assistive Technology Teams, Occupational and Physical Therapists, Special Education Teachers, Speech and Language Pathologists.
