Teacher Performance Evaluation Standards and Indicators: Train the Trainer on the Standards

Wednesday, August 5, 2015 • 8:30 a.m. - 3:30 p.m.

Description

Learn content and activities you could use in your building or district to take your teachers through a deep study of the standards and indicators. This is a one day train the trainer session for EPICs, principals or lead teachers where participants will be taken through each of the 6 standards and indicators in a module format being provided with content and activities that can be replicated in local building or district professional development sessions. This session will take participants through all 6 standards. However, each module is based on an individual standard. Thus, each module can be facilitated in your district as a stand alone session in staff meetings or during building district professional development time.

Who should attend?

Educators, Administrators, Support staff
