## Implementing a Culturally Responsive Multi-Level System of Support: Reviewing Universal Reading Instruction

This **THREE-DAY, TEAM-BASED** workshop will guide teams through understanding what is required to effectively implement systemic and systematic reading instruction at the universal level. Teams will learn about research and evidence-based practices that support all students at the universal level. Teams will leave with a prioritized set of actions and professional learning resources to implement school or EC - Grade 12 district wide.

### AUDIENCE

- **School or district teams of three or more (principal or school/district decision maker, such as curriculum director is essential)**
- Representation of general education (including 4K teachers for elementary teams and cross content area teachers for secondary teams) and special education (including EC)
- Support Staff and Specialists including: reading specialists, literacy coaches, Title One, ESL, gifted and talented

### OUTCOMES

School teams will learn how to refine their school-wide implementation of strong universal reading instruction including guidance to:

- Understand the need for a strong systemic reading foundation built upon organizational trust and common foundational beliefs.
- Articulate current practices around universal reading components from the Wisconsin State Standards.
- Understand the impact of instructional time, grouping, and classroom environment on the effectiveness of the Universal level of support.
- Recognize the benefit that common language and systemic best practice have within your multi level system of support framework (RtI framework).
- Action plan for school improvement around the Universal level of support for Reading instruction.
