

MATH IN THE MIDDLE

WORKSHOP FOR GRADE 5-9 TEACHERS OF MATHEMATICS

APRIL 6, 2016

CESA #12 CONFERENCE CENTER

Registration: 8:30 AM

Workshop 9:00 AM – 3:30 PM

Presenter

Nicole Cooksey, CESA #4 Math Consultant

Teaching Strategies to Improve Algebra Instruction

We will spend the day digging into many resources on how to prepare EVERY student to be successful in algebra.

1. Share research from the new IES practice guide: *Teaching Strategies for Improving Algebra Instruction in MS/HS Students*
2. Deep dive in the K-8 document that shows progression of algebra across the domains leading up to high school
3. Grounding information from *Making Sense of Algebra*, by Goldenburg
4. Practice activities from *Transition to Algebra*
5. Investigate strategies to make math more accessible to ELL and Sped students
6. Models as strategies: factoring and solving equations.

Early Bird Registration Fee (before March 23, 2016)

\$0 CESA #12 Curriculum Consortium Plan A Member Districts (Washburn)

\$0 CESA #12 ESEA Consortium Member Districts (Butternut, Hurley, Mellen)
