# MyLearningPlan OASYS – Super Admin Certification Course

**April 13 & 14, 2016**

**Presenter: Marc Frontino, MyLearningPlan Client Services**

## Description

The format and learning designs selected for the MLPOASYS Certification Course are intended to engage learners in collaborative active learning experiences, to provide hands-on opportunity to learn and work within MLPOASYS and to support participants in learning how to control their forms and scoring process directly.

### Day One:

**10:00 a.m. to 4:00 p.m.**

In the opening session, learners will review the basic design principles of MLPOASYS and will learn about the various types of forms and resources available in MLPOASYS. Learners will begin to understand the configuration options available in the system, including the various form sections that can be used within the form system.

### Day Two:

**8:30 a.m. to 4:00 p.m.**

Through dialogue based on real-world examples and problem solving, this session will address different types of forms and associated configurations. The focus will be on the reporting and scoring fields and configuration of your own Scoring Process within the site.

## Who should attend?

District personnel directly responsible for managing and updating their district's MLPOASYS platform.
