

MINDSTORMS

TRAINING

Convert your classroom into a hands-on, robotics laboratory! CESA #4 has added sets of LEGO® Mindstorms to its STEM Inquiry Resource Library for educators' classroom use in the CESA #4 region! This training is required for any educator seeking to check out and implement these valuable learning devices into classroom instruction.

WEDNESDAY, NOVEMBER 9, 2016 - THURSDAY, NOVEMBER 10, 2016

CLICK DATES TO REGISTER!

Price Reduced due to Grant Funding!

\$150 per person
OR

TEAM OF 3 FOR \$350

TEACH 2.0 grant eligible!

9:00am—3:00pm

Breakfast and lunch provided

Every team that registers will receive the training code with an additional 100 hours of teacher training - a \$600 value!

Software access provided to all registrants!

In this two-day training, participants receive hands-on guidance to code, program, operate and care for the LEGO® Mindstorm kit. They will also gain access to the whole LEGO® Mindstorm Online Course for immediate implementation into classroom inquiry learning.

(Not to mention access to the Mindstorms themselves through our check-out system!)

Participants must attend both days to be fully trained in effective implementation and use.
