Substitute Teacher Training

Nancy Jaeger and Ellie Olson, CESA 6 Coordinators

Description

Wisconsin school districts are in need of, and want to hire and retain qualified substitute teachers. Wisconsin enacted a rule allowing school districts to hire non-certified teacher substitutes. To be issued a three-year, short term substitute teacher permit, individuals must hold a (four year) Bachelor's degree, receive appropriate training, and be sponsored by a school district. Our training will teach and engage prospective substitute teachers in activities that mirror real classroom situations. Our certified instructor will model a variety of teaching methods that substitute teachers can use in the classroom. Additionally, participants will gain a deeper understanding of effective teaching principles in order to prepare for future substitute teaching assignments.

Training topics

- * Introduction to substitute teaching
- * Practical tips and guidelines for being effective in the classroom
- * Classroom management techniques
- * Important health and safety information
- * Age-appropriate learning strategies
- * Special Education
- * Sample lesson plans
- * Substitute teacher permit application process
