Introduction to the Literacy Continuum (Grades Kindergarten – 8th)

Nov. 18, 2016 or Feb. 8, 2017 • 9 a.m. to 2:30 p.m.

Presenter: Nicole Lehr
CESA 6 Literacy Center Coordinator

Description

Where other assessment and benchmark systems leave you wondering "Now what?" Fountas and Pinnell provide a link from assessment to instruction via classroom practices such as guided reading and read-aloud. Their professional book *The Continuum of Literacy Learning: A Guide to Teaching* is included with the Fountas & Pinnell Benchmark Assessment System and provides the basis for this workshop.

Drawing from this important resource, the workshop provides an introduction to *The Continuum* and how it can be used to set goals for learning in planning lessons for individuals, small groups, and the whole class. Discover how *The Continuum* can be used as a bridge in connecting your assessment data and your instruction, as well as how it can serve as a guide for evaluating student progress over time, helping you identify the specific areas in which students need help.

Workshop objectives

- Learn how to use *The Continuum* to help choose appropriate texts for readers across grades and instructional contexts through text analysis and an understanding of text characteristics.
- Explore the behaviors and understandings to notice, teach, and support in getting students to think within, beyond, and about text and how these understandings shift over time.
- Apply *The Continuum* to student work to expand their knowledge of the behaviors and understandings they want to support in reading and writing.
- Explore how to support writers in developing skills and strategies in the areas of craft, conventions and the process of writing.

Who should attend?

Grades K-8 teaching staff.
