

Portage Guide

A CESA 5 training hosted at CESA 2

Support the assessment and curriculum planning needs of your home visiting or center-based early childhood program with one day training from a certified Portage Project Consultant. Programs serving children from birth to six years will benefit from using this consistent assessment tool and planning process throughout the child's enrollment in your program.

Portage Guide 3 trainings assist teachers and caregivers in assessing and individualizing environments, interactions, and routines for each child. Our trainings will assist in developing your skills in using the **Portage Guide 3** materials as an observation, assessment, planning, and reporting tool.
