# Nonviolent Crisis Intervention (NVCi) Enhanced Refresher with FLEX Option

*January 15, 2018*

**Course Instructor: Erin Lausten and Diane Braker**  
CESA 6 Educational Consultants

**Description:** Educators recognize the need for timely, effective nonviolent interventions with students who exhibit challenging behaviors. They know that such interventions improve the physical safety of all participants and create a more trusting and caring learning environment. The Nonviolent Crisis Intervention® program is a safe, non-harmful behavior management system designed to help educational and human services professionals provide the best possible Care, Welfare, Safety and Security of disruptive, assaultive, and out-of-control individuals.

FLEX is CPI's new blended eLearning option combining online and classroom experiences to deliver a flexible learning program. This innovative training teaches the same proven skills, supports the same principles, promotes the same philosophy, and adheres to the same quality standards as traditional Nonviolent Crisis Intervention® training and includes the enhanced training with additional content and new physical intervention options.

Participants will be required to complete the online portion of the FLEX-NVCI training PRIOR to attending the classroom portion. **NO ONE WILL BE ALLOWED TO ATTEND THE CLASSROOM TRAINING WITHOUT FIRST COMPLETING THE ONLINE PORTION. NO EXCEPTION WILL BE ALLOWED.** Participants will receive an email from CPI stating how to complete the online portion two weeks prior to the in-person date. The online training should take between 2.5-3.5 hours.

**Note:** All training will be the Enhanced Training. Due to CPI quality standards, trainers will no longer be teaching the legacy version of the NVCi content.

**Prerequisite:** Participants must have attended an initial or refresher Nonviolent Crisis Intervention training within the past 18 months.
