**Follow CESA 2:**   

### Description:

PBIS team members change from year to year. September is the perfect time for the new PBIS team to review, revise, and extend current practices. Team members are able to re-focus using the same language to purposefully plan next steps within a building. This workshop will review the Benchmarks of Quality indicators and provide work time for teams to reflect on current practices for each element and develop an action plan for next steps.
