

This event is presented by the CESA 6 ESSA Support Network.

Math Running Records for Building Math Fluency (K-6)

Thursday, January 11, 2018 • 9 a.m. - 3 p.m.

Facilitator: Mary Ann Hudziak
CESA 6 Teaching and Learning Coordinator

Description

In this workshop you will learn how to use Math Running Records to assess students' basic fact fluency and increase student achievement. Running records can help zero in on where students are in their understanding of basic math facts and then outline the next steps toward comprehensive fluency. The goal is to help students become more confident, proficient, fluent and efficient in their computation as well as develop a solid foundation of number sense. Learn how to use math running records as a powerful tool throughout the year and across grades.

Who should attend?

Classroom teachers, Title I teachers, Math coaches, Interventionists and Special education teachers.
