My Sexual Health: My Future (Middle School and High School)

Skills-Based.

Inclusive.

Age-appropriate.

Medically accurate.

Non-stigmatizing.

Meets Wisconsin requirements.

How can one curriculum do all this and still be engaging for students? Spend time with experienced fellow health educators who are dedicated to helping you figure this out. This training will focus on two new middle and high school units of instruction offered by Health Care Education and Training that were developed with local teacher input to meet Wisconsin human growth and development laws and standards.

Participants will experience activities from *My Sexual Health: My Future*, learn how to be inclusive of all students, review Wisconsin statute and reflect on how their own health curricula can be enhanced with this new resource and the interactive methods presented. For a preview of the curriculum, go to <http://dpi.wi.gov/sspw/health-education/aids-hiv> and scroll to "Exemplary Sexual Health Education Human Growth and Development Resources."

Cost: \$25.00 (Includes Lunch)
