Music Technology for Teaching & Learning
January 23, 2018
CESA #12 Conference Center
Registration: 8:30 AM
Training: 9:00 AM – 3:30 PM

Musicians unite! We will be exploring music apps that can help save time for you and your students. Spend time trying out apps for music teachers, learn how to have student record and submit recording through Chrome and Google Classroom. Collaborate with other teachers to find out what apps they're using and go back to your classroom with a toolkit that you can use right away.

Presenter: Mary Maderich, CESA #12 Educational Technology Specialist

Target Audience: K-12 Educators

Early Bird Registration Fee(s): *(before January 9, 2018)*
