**Follow CESA 2:**   

#### Description:

Day 1:

##### **Data and Cycles of Inquiry: From Data to Action Using WISEdash Advanced Applications**

This session will provide both information for advanced application of WISEdash data tools and will build participant capacity to understand and apply routines called cycles of inquiry to go beyond looking at student data to taking meaningful action.

Day 2:

##### **Systems Thinking: How to Move a Mountain**

This session will focus on Systems Thinking – how to understand and improve the essential system components to propel your educational organization toward excellence. The emphasis will be on understanding the critical role of systems structures and routines for creating the conditions that support continuous school improvement.

Day 3:

##### **Leadership Structures and Routines: Leaders Go First**

This session will focus on the important factor of school leadership for creating, maintaining, and sustaining system change. This session will provide an overview of effective structures for leadership that go beyond school administrators or staff decision-making committees to distributed leadership routines where teachers and administrators collaborate to improve instruction and leaders learn and model effective instruction before supporting others.

#### Presenters:

Ed O'Connor, CESA 2  
Systems Support Consultant

Elizabeth W. Freeman, CESA 2  
Systems Support Consultant
