Are you interested in talking with other high school teachers of Financial Literacy in the area?

Would you like to know what their Essential Learning Outcomes, Learning Targets, Projects and Tasks, and Assessments look like?

If so, please join us at CESA #4 on Tuesday, December 5th from 9:00-2:00. You are encouraged to bring (paper copies or electronically) your curriculum, most effective learning activities and projects, and samples of formative and summative assessments. Sharing these components will form the foundation of the day's activities—give as much as you get!

Costs: No fee for CTE teachers in the CESA #4 Perkins Consortium and Level 1 CTE Leadership Project or teachers from other content areas in those districts that come with their CTE teachers. (See below for listing of districts). \$75 for all others. Breakfast snacks and lunch will be included. Please contact Sherri at storkelson@cesa4.org or 608-786-4855 for more information.
