

# CONNECTING TODAY'S EMPLOYERS WITH TOMORROW'S WORKFORCE

## WHAT IS ACP?

Academic & Career Planning, or ACP, is A student-driven, adult-supported process in which students create and cultivate their own unique and information-based visions for post-secondary success, obtained through self-exploration, career exploration, and the development of career management and planning skills.

## CAREER PANEL

**How can you help?** We are reaching out to local organizations, businesses and schools to help build relationships and share employment information with Academic and Career Planning teams from the Coulee Region.

## START BUILDING CONNECTIONS TODAY!

**What will the day look like?** We plan to set up workforce panels where employers will have the chance to share what employment opportunities exist, what types of education/experience they are looking for in those positions, and other useful information for teachers to share with their students. Educators will also be able to ask questions to better develop their knowledge of what the job outlook is for our students. We plan to host at minimum a morning panel and afternoon panel.
