

The Literacy Center presents: Introduction to the Literacy Continuum and Creating Units of Study

January 8 & 9

9:00 A.M. – 3:00 P.M.

**Pre-K
through
Grade 8**

DESCRIPTION

Where other assessment and benchmark systems leave you wondering “Now what?”, Fountas and Pinnell provide a link from assessment to instruction via classroom practices such as guided reading and read-aloud. Their professional book, *“The Continuum of Literacy Learning: A Guide to Teaching”* is included with the Fountas & Pinnell Benchmark Assessment System (BAS) and provides the basis for this workshop. Creating a clear and articulate curriculum will be the focus for day one. Drawing from this important resource, the workshop provides an introduction to *The Continuum...* and how it can be used to set goals for learning in planning lessons for individuals, small groups, and whole class instruction. *The Continuum...* can also be a tool in creating Reading and Writing Units of Study. Instruction in developing these units will be the day two focus.

OBJECTIVES

Participants will:

- Explore behaviors and understandings to notice, teach, and support students to think within, beyond, and about the text and how these understandings shift over time.
- Apply *The Continuum...* to student work to expand their knowledge of the behaviors and understandings they want to support in reading and writing.
- Apply a bank of learner outcomes for daily mini-lessons and conferring sessions in Reading and Writing Workshop.
- Create a Language and Word Study sample curriculum.

WHO SHOULD ATTEND?

PreK-8 grade teachers, reading specialists, literacy coaches, instructional leaders, and principals.

PARTICIPANTS SHOULD BRING

- *The Continuum of Literacy Learning...* (preferably 2018 edition)
- A laptop or other device
