

CESA 9's Leader Learning: Continuous Improvement Process Series

Connecting Educator Effectiveness, Student Outcome Data and an Equitable Multi-Level System of Supports to Promote Excellence for All!

Who Should Attend: Those brand new to the CIP process (that have never gone through a data retreat) OR those schools/districts that have been identified.

Part I: February 18, 2019 9:00 AM-3:00 PM

- Understand WI's Continuous Improvement Process and build readiness for change.
- Build common beliefs and purpose within a School/District Continuous Improvement Leadership Team.
- Develop leadership skills that will support improvement efforts.
- Understand methods for measuring educator practice and student learning.
- Conduct a focused ESSA and/or IDEA data inquiry with specific emphasis on root cause analysis and practices inquiry.

Part II: April 2, 2020 9:00 AM-3:00 PM

- Develop leadership skills that will support improvement efforts.
- Build an understanding of evidence-based improvement strategies.
- Understand and use methods for measuring changes in educator practice and student learning.
- Analyze practice inquiry findings and select evidence-based improvement strategies for implementation.

Part III: June 16 or 19, 2020 9:00 AM-3:00 PM

****Districts can choose one of the two days offered based on their schedules. The two days will be the same content.****

- Reflect upon leadership team behaviors that support improvement efforts.
- Review and reflect upon changes in educator practice and student learning.
- Continue to deepen knowledge of evidence-based improvement strategies.
- Understand methods and behaviors for sustaining continuous improvement.

Part IV: July 30, 2020 9:00 AM-3:00 PM

- Feedback and next steps for districts that have a completed plan OR a repeat of June for districts that did not attend one of the June dates (small group).
