

# Reviewing & Selecting High Quality Instructional Materials ELA K-5, Mathematics 6-12

## November 25, 2019

Introduce Process of Selecting High Quality - Standards Aligned Resources

- Build background knowledge and readiness to engage in work.
- Position team to move ahead in the materials selection process.

## February 12, 2020 (ELA) or February 28, 2020 (Mathematics)

**Choose to attend  
either date!**

Vendor Day

- Review selected High Quality Instructional Materials as a team.
- Hear from vendors - address common features of Instructional Materials.
- Examine with hands-on team time with materials.

## April 2, 2020

Planning to Implement High Quality Instructional Materials

- Learn about critical components of Implementation.
- Develop a plan for Implementation - beyond ordering materials and unpacking the boxes!

Note: 6-12 Math teams will be supported in all three sections by Sara Brown of the Math Institute of Wisconsin in addition to CESA 4 consultants.

**Register** your team today (4-6 people). Teams should be comprised of instructional leaders, curriculum leaders, teachers and content area experts from your school. Individual registration is required for the entire series. \$25.00 per person, per event. Questions about the make up of your team? Email us!
