SEXTING AND SOCIAL MEDIA

Sexting can have a lifetime of reporting as a sexual felon, yet our youth don't realize the consequences of sending or receiving sexual photos. Bryan Wright has developed a Social Media and Sexting Curriculum being used as a diversion program in two counties. The hope is to bring the information into the schools to avoid the need for diversion!

Bryan Wright of Dynamic Family Solutions LLC, and a staff educator at REACH Counseling will introduce counselors to the Social Media and Sexting curriculum.

WHO SHOULD ATTEND?

Counselors, classroom teachers, administrators.
