

SEL & Mental Health EMLSS Network

(Equitable Multilevel
System of Support)

2019 - 2020 School Year

You are invited to join our collaborative network to grow together in advancing school mental health.

Session One: January 15, 2020

- Learn how to use the SHAPE (School Health Assessment and Performance Evaluation System) to provide a snap-shot of your school or district's multi-level services and supports, staffing, financing and data systems for comprehensive school mental health implementation
- Measure your school/district's current state of school mental health implementation and sustainability
- Explore resources for implementation planning.

Session Two: March 13, 2020

- Dig into the MHTTCN (Mental Health Technology Transfer Center Network), a holding place for the School Mental Health Curriculum including Guidance and Best Practices for districts and schools, in all areas of school mental health implementation (that align with the domains in SHAPE):
 - Collaboration and Teaming
 - Multi-Tiered System of Supports
 - Evidence-Informed Services and Supports
 - Cultural Responsiveness and Equity
 - Data-Driven Decision Making

Session Three: May 8, 2020

- Identify and align your school's/district's current EMLSS initiatives (PBIS, SEL, SMH) to work smarter, not harder. Examine your existing landscape to inform decisions about streamlining, refining, and/or strategic abandonment.

TARGET AUDIENCE

**** Participants are encouraged to come with at least one other person who shares interest in or responsibility for school mental health implementation**

- School or district leaders in the beginning or advancing stages of school mental health system implementation
- School mental health grant recipients looking for resources and support to advance school mental health initiatives
- School leaders working to align siloed initiatives into an integrated EMLSS (PBIS, SEL, SMH)

Network Facilitators:

Lisa Lesselyong, CESA 6 and Elizabeth Langteau, CESA 7 have been working for the past three years to develop and put into practice an implementation model to support schools/districts in advancing their comprehensive school mental health systems. Together, they co-direct Allies in Mental Health Education (AMHE). To date, 26 school/district teams have partnered with AMHE on the journey of continually striving to meet the needs of the *whole child* whom we serve.
