

TECHNOLOGY TO SUPPORT ELS

April 8, 2022

9:00 AM - 3:00 PM

Facilitator: Lori Menning | EL, Bilingual-Bicultural & World Language Consultant

Do not miss this opportunity! Looking for innovative ways to teach and learn? At this workshop you will have the opportunity to:

Be the first in the area to try out eGlass!

Receive complimentary access to ESL Library, a library full of over 1,400 ready-made lessons and 1,000+ digital lessons, resources, and flashcards.

Learn how Edpuzzle allows you to select a video, add linguistic supports and track your students' comprehension!

And much more!

English Learners (ELs) bring significant assets of language and culture to enrich their classrooms and schools, and their backgrounds and experiences inform different educational technology needs.

WHO SHOULD ATTEND?

- Any staff working with ESL

OBJECTIVES

- Learn how the selection of educational technology can best meet the needs of ELs as they learn academic content and at the same time make gains in obtaining English proficiency.
- Explore various free forms of technology that can engage and motivate students while at the same time provide additional linguistic supports.
- Collaborate with colleagues and plan innovative ways to support your students.
- Digital learning resources for beginning ELs will be shared to offer first language scaffolds as students transition to learning in English.
