Using Your New Resource

August 10th, 2023
9:00 AM - 3:30 PM

PRESENTER

Kristine Meffert | Consultant

Join teachers who are also teaching with a new-to-them math resource. We will walk through the organization and details of your resource so that you can have the strongest start to teaching Math possible. We will cover all components of the resource, pacing, content standards, math practice standards, assessment, communication to parents, and assessment.

WHO SHOULD PARTICIPATE?

- Teachers Grades K-5
- Specialists
- Coaches

OBJECTIVES:

- Successfully navigate the resource
- Utilize all of the components to get the best student engagement and outcomes

PARTICIPANTS SHOULD BRING, OR HAVE ACCESS TO:

- Unit 1 Teacher Edition of Math Resource
- Any supporting materials for the Resource (assessment binder, NC binder)
- Computer or tablet

Available by invitation from one of the CESA 6 consultants or by permission - email Kristine Meffert (kmeffert@cesa6.org) for more information or to find out if this session is appropriate for you
