

S.M.A.R.T. Training Sessions

S.M.A.R.T. is a multi-sensory approach to learning, designed to develop and enhance the physiological and neurological readiness skills students need to succeed in school. With these readiness skills in place, students have the necessary tools to be able to learn to read, write, and receive information in the classroom. Through this training you will learn the foundations of S.M.A.R.T., including the research behind it, the basic movements of a S.M.A.R.T. course, how to implement it within your current curriculum, and how to modify/expand S.M.A.R.T. according to group and student needs. You will also prepare materials and lesson plans to be able to begin S.M.A.R.T. in your classroom right away.

MISSION

SMART Training - We recommend teams (therapists, gen ed, spec ed) to attend training at CESA 8. Teams will engage in learning and creating smart tools to use in your schools. Cost includes training, tools, and a virtual follow-up session to support implementation questions. Register by mid-May so that we can purchase the correct amount of resources/tools for your teams.

\$175/person for C8 PDSESS districts
\$225/person for Non-purchased PDSESS districts

**ADDITIONAL cost: SMART curriculum guides will be provided (one per team). The cost per team will be: \$40 Elementary, \$25 Pre K Core Guide, \$25 More Guide *This additional cost will be added to the invoice for the district team, after the training is completed.
