MyLearningPlan

How does MyLearningPlan move from 2013-14 into 2014-15? What do we need to know to successfully end 2013-14 and begin 2014-15? Participants will discuss the end of year preparation and procedures for MLP OASYS rollover process. System step-up for 2014-15 will also be addressed. A step-by-step guide and resources will be provided for support.

Outcome Measures: Preparing for 2014-15

Participants will learn the latest and greatest state information regarding the outcome measures for accountability in 2014-15. How will the outcome measures shape professional development for next year? What do the outcome measures mean for MLP OASYS?

EPIC and School Administrator Focus Group Feedback

It’s spring audit time for the Effectiveness Project and your feedback is needed! The bulk of data collected this year will be through surveys and regional focus groups, so here’s your opportunity to chime in and communicate what’s working and what’s not regarding EP. Audit data will be used to inform potential adjustments for trainings, materials, resource development and professional development opportunities.

New EPIC Differentiated Support

The afternoon is devoted to new EPICs that would like to work through specific Effectiveness Project questions/issues and engage in a network opportunity during lunch.

Support will be available for MyLearningPlan OASYS or MyLearningPlan ELEVATE if needed.
