Kathryn Richardson, Ph.D., Director

## **Foundations in Mentoring Training**

**Presented by: Julee Dredske**

*Julee Dredske, a trainer for CESA #5, specializes in providing professional development trainings to the districts in the CESA 5 region. In addition to 14 years teaching experience, Julee has worked with educators for 10 years at CESA 5 in a variety of projects including ELL, STW, LRSC, Gifted and Talented, and more.*

**As new teachers enter our profession, it is imperative that they have a trained mentor to help guide them through their first years of teaching. Join us for this one-day workshop to learn more about the mentor's role in new teacher induction.**

- Goals are to create a common vision of educator quality using the Wisconsin Educator Standards as the foundation for professional performance
- To practice the style of collaborative interactions for communication as a mentor
- To practice the skill of reflection and analyze one's own professional performance and the results it has on students, colleagues, and the greater community
- Develop language skills to provide feedback and reflective questions for the mentoring role
- To develop and understanding of Professional Development Plan (PDP) to assist new teachers in that effort.
