

This event is presented by the CESA 6 Technology Solutions Center

# Roomsponder Webinar

Tuesday, June 24, 2014 • 11 a.m. - Noon

Facilitators: Sarah Hathaway, Roomsponder, and Dan Hanrahan, CESA 6

### Do You Know Where Your Students Are?

During a crisis you need to know where students and staff are in a controlled, real-time way. And, you need to know who needs medical attention and the location of the intruder, if known. How do you manage that information now? Through a flurry of emails or text messages? Can you ensure everyone is accounted for quickly? Can you review the communication for analysis afterwards? These questions are what led the Fond du Lac School District to co-design Roomsponder with a Fond du Lac software company. In partnership with CESA 6, we are working to bring this amazing solution to other CESA 6 districts and districts throughout the state.

Join Sara Hathaway from Roomsponder and Dan Hanrahan from CESA 6 in an online demonstration and learn how this easy to use, affordable crisis communication tool can be added to your school or district's crisis plan.

Register today to join this FREE WEBINAR!

### ABOUT ROOMSPONDER

Roomsponder is an internal communication system for schools to account for staff, students and visitors during a shelter in place, lockdown or critical situation. It is web-based and can be used on any device with internet access. Providing dynamic, real-time data, Roomsponder ensures clear and controlled communication leading to a collaborative response and allocation of resources. It aids in reunification both on and off-site.

*"Roomsponder has significantly improved the ability for our incident command teams in school to be accountable for students, staff and visitors."*

*- Marian Sheridan, Fond du Lac School District Health, Safety, Attendance and Traffic Coordinator*

Roomsponder - simple and effective communication when it is needed most.
