

Leveled Literacy Intervention

Purple System, Levels R-W

Booster Workshop

@ CESA #4

Friday, November 14, 2014

9:00-3:00

LLI Purple System Booster workshop is intended for districts that have either purchased or intend to purchase LLI Purple.

The workshop will explore:

- * specific instructional components of lessons
- * materials/resources specific to LLI Purple
- * record keeping for instruction and for reporting using LLI Purple
- * close reading opportunities using LLI Purple

Although it is helpful, participants do not have to have LLI Purple in hand at the training as we will be using publisher-provided samples.

Note: It is important attendees have prior LLI training (Intermediate or Primary) if attending as this is a one-system specific booster training.

Register: <http://www.myquickreg.com/> \$150 per person
