

Adlai Stevenson High School
Site Visit
April 26, 2011
Sponsored by the Center for School Improvement
CESA 5

The visit to Adlai Stevenson High School continues to be a driving force for CESA 5 schools that are in the cycle of continuous improvement. During the day-long visit, presentations on Stevenson's Professional Learning Communities, continuous improvement processes, and their amazing results inspire visitors. The educational leaders and staff at Adlai Stevenson High School are, truly, never satisfied with the academic success of their students. And, without exception, educators who attended the event return to their own schools fully charged with new goals and educational initiatives in mind.

Stevenson High School has earned a number of awards since its beginning in 1965. The school was the first public high school in Illinois to receive four Blue Ribbon Awards for Excellence in Education from the U.S. Department of Education. Stevenson was awarded Blue Ribbon Awards in 1987, 1991, 1998 and 2002.

At this time, 40 spots are available for the April visit. If you have an interest, **act now** to ensure your team's participation. This visit is a game changer!
