

wevideo™ Video Editing

Video in the classroom means a lot more than movie day. This workshop will focus on acquiring the digital media skills necessary to incorporate video in education. Video is also an excellent way to reflect on your teaching practices and capture artifacts for educator effectiveness. Participants will work, hands-on, to capture a video, edit the video, and then host the video online for students and others to access.

We will be using the online program WeVideo to complete the editing portion of the workshop. CESA 5 Districts have access to a paid educational account to WeVideo. Please speak to your district's EE Coach regarding account access prior to this workshop. There is also a FREE 30 day trial of the Educational version if you would prefer to try it out first.

Wednesday, April 15, 2015 | 9:00am-3:00pm | at CESA 5

Presented By:

Jessica Gross

Web Content/ Applications Coordinator, CESA5
Google Apps for Education Qualified Individual
