

Dynamic Learning Maps Training

This half-day Dynamic Learning Maps (DLM) training is designed to assist special education teachers in understanding the administration requirements of the DLM and pass the required certification quizzes.

DLM is the new state assessment for students with significant cognitive disabilities. The DLM Field Test A window (October 13 – 31) is a mandatory testing window for 9th graders with significant cognitive disabilities. All special education teachers that need to administer the DLM during this timeframe need to be certified to do so. This workshop is for you!

TWO IMPORTANT ITEMS TO CONSIDER PRIOR TO ATTENDING TRAINING:

1. Quizzes are completed online. Please bring an internet ready device (laptop, tablet) to the training.
2. Please be sure to check with your District Assessment Coordinator to gain access to your Educator Portal Account.

Please note: this training is optional. Educators may view the modules and take the quizzes on their own, or the training can be facilitated by district
