

Effectiveness Project

Training Event through CESA 9

T/ES and SAPES Mid-Year Calibration #10817

This optional workshop is a midpoint check in the system after a few months of use. Are evaluators giving formative feedback that is useful and specific to teachers, educational specialists, and principals? What format should this feedback contain? Are evaluators using phrases such as “as evidenced by” or “observed through”? This satisfies the mid-year calibration requirement. *Note: this is an optional training - calibration can be completed on your own in-district.*

The morning session will focus on calibration for evaluators working with teachers and educational specialists (T/ES).

The afternoon session will focus on calibration for evaluators of principals (SAPES).

Date: Wednesday, December 17, 2014
