\$100 per participant

8:30 - 9:00 registration and breakfast

9:00 - 3:00 workshop

lunch included

“The Guided Math framework developed by Laney Sammons provides teachers with flexible instructional format that allows them to meet the diverse needs of their students.

Schools throughout the country are adopting small-group instruction for mathematics to promote conceptual understanding, problem solving ability, and conceptual fluency.”

Laney Sammons

Foreword by  
Janis K. Deab Fackler
