*We will be
offering this
workshop 2
additional
times in 2014.*

10-22-2014

OR

12-05-2014

\$150/person—
includes continental
breakfast , lunch, &
and all handouts.

9:00-3:00

Is the SBA or ACTAspire going to be a "gottcha" moment for your students? The "Using Tech tools of the Online Assessments in your Classroom" workshop provides teachers with websites, apps, and instructional strategies to embed the types of tech-enhanced questions and sample problems of the SBA and ACT Aspire into their instruction. Provide students with the experience necessary to tackle the tech features of the online assessments.
