

ASSESSMENT THROUGH THE LENS OF INDICATOR 3/7 CHILD OUTCOMES

LEARNER OBJECTIVES

- 1) Differentiate between 5 unique purposes of assessment in early childhood settings.
- 2) Assess district/county ongoing assessment practices to identify strengths & potential areas for growth.
- 3) Critique criterion-referenced assessment tools for use in functional assessment.
- 4) Practice using data from assessment tools in the Child Outcomes rating process.

Ruth Chvojicek has worked for over 20 years with young children and the adults that support them. Currently WI Statewide Child Outcomes Coordinator, she supports school districts in designing systems that collect and report accurate data on the status of young children on 3 Child Outcomes:

1. Positive social-emotional skills
2. Acquisition and use of knowledge/skills
3. Appropriate behaviors to meet own needs.
