Gearing Up for the Badger Exam 3-8

Are you and your students ready for the new Badger Exam this spring?

This day-long session will provide you with an overview of this assessment, sample items, and nationally recommended instructional practices for success. Even though this test focuses on ELA and Math, all elementary and middle school teachers would benefit from this session.

Also, time will be spent exploring technology-enhanced resources to use with students in the classroom. Come and benefit from a collection of proven strategies gathered by a state leadership group dedicated to this task.

Who Should Attend:

Elementary Teachers
Middle School Teachers
Administrators

Content will be provided by:

CESA 10 Consultants:
