

Don't Wait Around for Disaster to Strike

Prepare Your School for the Worst so it can Function at it's Best.

CESA Purchasing and Unitrends have united to bring you critical Information on Risk Management and Disaster Recovery

With Wisconsin's unpredictable weather to plain human error, disaster is waiting to strike. Every year educational budgets get smaller, but the amount of data needing to be protected grows larger. Add in government regulations and it creates a nightmare for strapped IT departments in schools across the country. Unitrends has partnered with CESA Purchasing to bring you this No Cost Training Seminar that will cover DR Best Practices and Risk Management.

- ✓ **Get informed** on how to keep your district protected with a wealth of information on Risk Management, Disaster Recovery and Business Continuity
- ✓ **Receive tips and best practices** on Backing Up, Archiving and Cloud Replication
- ✓ **See a Live Recovery demo**, and how 100's of K-12's in WI are using Unitrends to protect their student data and receive exclusive CESA pricing.
- ✓ **Enjoy a Complementary Lunch**, with opportunities to Network and Win Raffle Prizes.

Limited seats available so sign up today!
