What is ActivInspire?

- Developed by teachers for teachers, *ActivInspire* is Promethean's education software which enables the creation and delivery of innovative and thought leading interactive classroom experiences, offering a complete suite of services and a new, modern, even easier to use interface
- *ActivInspire* is a single software solution, combining the functionality of ActivPrimary and ActivStudio while seamlessly integrating ActiVote and ActivExpression-Promethean's Learner Response Systems
- *ActivInspire* is fully compatible with all major operating systems (Windows, Mac and Linux).
- *ActivInspire* includes an impressive library of core resources including backgrounds, images, shapes and activities. In addition, an ever-growing number of resources are available for download through Promethean Planet
- *ActivInspire* offers straightforward navigation and an innovative toolbar that updates automatically with the most frequently used and last used tools. Improving on existing functionality, teachers can now integrate media players, images and audio, as well as existing resources, even if from different interactive whiteboard software or from programs such as MS PowerPoint™.
- Resources available for immediate use
