

ActivLearning with ActivInspire

Course: Beyond the Essentials

When: October 20, 2010

Where: CESA #2, 448 East High St. Milton, WI 53563

Time: 9:00 am to 2:30 pm

Facilitator: Sharon Webb, Promethean Certified Trainer

Increasing interactivity in flipcharts

Upon completion of the Promethean “**ActivInspire Beyond the Essentials Workshop**”, participants will be able to incorporate a higher level of interactivity into their flipcharts by using containers and restrictors, as well as embedding multimedia.

Designed for district and building level staff with a desire to learn how to develop lessons using intermediate skills in ActivInspire. The purpose of the course is to:

1. Build on material covered in an **ActivInspire Basics** course. **This course is not for beginners.**
2. Provide step by step hands-on instruction and integrated examples, including, but not limited to:>
 - Using the Property and Action Browsers
 - Using outside resources (MS Office, Internet, etc.) with ActivInspire
 - Creating Containers and Restrictors
 - Creating and working with video, sound and image files

What is ActivInspire?

- Developed by teachers for teachers, **ActivInspire** is Promethean's education software which enables the creation and delivery of innovative and thought leading interactive classroom experiences, offering a complete suite of services and a new, modern, even easier to use interface
- **ActivInspire** is a single software solution, combining the functionality of ActivPrimary and ActivStudio while seamlessly integrating ActiVote and ActivExpression-Promethean's Learner Response Systems
- **ActivInspire** is fully compatible with all major operating systems (Windows, Mac and Linux).
- **ActivInspire** includes an impressive library of core resources including backgrounds, images, shapes and activities. In addition, an ever-growing number of resources are available for download through Promethean Planet
- **ActivInspire** offers straightforward navigation and an innovative toolbar that updates automatically with the most frequently used and last used tools. Improving on existing functionality, teachers can now integrate media players, images and audio, as well as existing resources, even if from different interactive whiteboard software or from programs such as MS PowerPoint™.
- Resources available for immediate use

Event Fee: \$75.00 Per person if a CESA #2 Instructional Technology Services Member
(includes lunch) \$150.00 Per person if not a CESA #2 Instructional Technology Services Member

To register, go to www.myquickreg.com
