

“The Great American Education Race: Working Together to Help Our Teachers and Students Lead the Way!”

2009-10 Support Seminars for Initial Educators

August 17, 2009

October 16, 2009

December 15, 2009

February 24, 2010

The CESA 5 Initial Educator Support Seminars are based on the Ten Wisconsin Educator Standards.

The knowledge, skills and dispositions of each standard are discussed and self-assessed during the four support seminars. Reflective practice is modeled as participants look at the standards and their own practice in their classrooms. Collaboration, competence and networking are emphasized. Mentors are invited to participate and provide their insights to the topics being discussed.

The CESA 5 Support Seminars can stand-alone or can be part of your district's professional development plan for your teachers. They are planned to fit into an educator's daily practice. The seminars are structured to share experiences and reflect on student outcomes within a regional support system.

The seminars are held for teachers new to education or new to their district. **See last page for registration information and fees.**

#777 Support Seminar #1: Ready, Set, Go! (August 17, 2009)
