The Wisconsin Quality Educator Initiative PI-34 requires all school districts to provide a support system for initial educators who complete educator preparation programs after August 2004. The support system must include: ongoing orientation; **support seminars**; a **qualified mentor** for each initial educator; and an administrator who has been **trained in the Professional Development Plan Review** process.

Initial educators from contracting districts are invited to attend the events for the nominal fee listed. Initial educators from non-contracting districts are invited to attend the events at the full workshop fee. All seminars and workshops will be hosted on location at CESA #4.

Preregistration for all participants to any event is required at www.myquickreg.com
