

## CREATING A QUALITY PROFESSIONAL DEVELOPMENT PLAN (PDP)

This one-day training uses the job-embedded work of educators as the basis for the development of a Professional Development Plan. Participants will learn the specific requirements and the timeline for the PDP process, including what to expect from PDP Review Team members. Guidance materials will be provided to “coach” educators in developing a high-quality PDP which results in professional growth, and a positive impact on student learning. Participants will be given time to write the Year one Self-reflection, draft a PDP goal, and develop the objectives, activities, and timeline to support their PDP goal. Our objective is that participants leave the workshop ready to submit their PDP to their Review Team members for goal approval.

Confirmed, registered participants will be sent directions on setting up an account with QEI **prior** to attending the training. For details go to: [QEI Account Setup](#)
