

PRESS is a framework that structures literacy achievement in elementary grades within a Response to Intervention (RTI) or multi-tiered system of supports (MTSS) context. Developed through a research partnership at the **Minnesota Center for Reading Research, University of Minnesota**, the goal of PRESS is to work with educators to establish school-based systems and practices for all K-5 students to become capable readers. PRESS complements a school's literacy curriculum and can be used with a variety of assessment programs.

June 18 & 19, 2015 and October 16, 2015

Held at CESA 2, 1221 Innovation Drive, Whitewater, WI 53190

PRESS Workshop: Class-wide and Tier 2 Interventions

Join us for in-depth training on the evidenced-based PRESS framework for K-5 reading interventions. This workshop will introduce the PRESS data-based decision making process, class-wide and small group interventions, and progress monitoring, with discussion of selected interventions.

This workshop is designed for school literacy teams including the building administrator, regular and special education teachers, reading specialists, data specialists or school psychologists, instructional coaches.

Cost is \$300 per person, including Intervention and Assessment Manuals. Because PRESS is revising the manuals one current Intervention and Assessment Manual will be provided to each team in June. The revised manuals will be provided for each registrant in October.
