

2010-2011
Technology and Engineering
Education Fall In-service

Agenda

10:30am – What’s Happening with
Math & Science Equivalency

11:30am – Lunch on your own
We will eat lunch in our meeting room.

12:15pm – TEE Licensing Updates
This will be an update from the many
conversations that happened at the end
of last school year.

1:30pm – STEM Grants and other
Grants available
TEE is STEM. The vast majority of
our subject matter has science,
technology, engineering and math
embedded. In this session we review
the STEM grants offered by DPI, other
STEM initiatives around the state, and
what is your vision for STEM
initiatives and activities.

3:30pm – Adjourn

Brent Kindred
Technology and Engineering
Education Consultant
