

Corrective Reading De coding

August 13, 2015

CESA 8 Office
223 West Park Street
Gillett, WI 54124

This is an accelerated remedial reading program for students in grades 4 and up. Corrective Reading is recommended by the FCRR, *see the attached document*. The placement test helps determine the correct starting level. Lessons are carefully crafted to meet the academic and emotional needs of intermediate and middle school students reading well below grade level. All lessons provide word attack, story reading with understanding, fluency work, and written responses. The program meets the requirements of a research validated intervention as described by the SLD law.

Instructor: Amy McGovern,
Reading Specialist, Wausau School District

Cost: Provided by the CESA 8 Literacy Center and Title I Network at a reduced cost of \$50 per participant for any CESA 8 School District. \$150 per participant for all other school districts.

Registration: All registration can be completed online at www.myQuickReg.com
